

## CHAMPAGNE HENRIOT

The Henriot family has been producing Champagne since the 16th Century and is still managed today by those who bear its name. For nearly two centuries and seven generations, the family has patiently kept its secrets, enriched by tradition and savoir-faire. The Cellar Master and members of the family exercise their skill to produce a delicate, subtle mixture to obtain the perfect blend which, several years later, will give birth to the unique Champagne Henriot cuvées, famed for their elegance, refinement and exquisite lightness.
